Statistics@Naples

Friday 30 June 2023

Sixth Session: Sixth Session - Aula Spinelli (09:30-11:00)

-Conveners: Paola Vicard

time	[id] title	presenter
09:30	[3] Sparse Pairwise Likelihood Inference for Multivariate Time Series Models	PEDELI, Xanthi
09:50	[23] Bayesian learning of network structures from interventional experimental data	PELUSO, Stefano
10:10	[14] Integrating model-based clustering and graphical models to explore the relationship with the digital self-image in (pre)adolescents	BROMBIN, Chiara
10:30	[15] Sparse Hierarchical Vector Autoregression for Psychopathological Network Estimation from Intensive Longitudinal Data	BALAFAS, Spyros
