

Learning Universe with Artificial Intelligence

mercoledì 18 dicembre 2024 14:30 (20)

I will present a project collecting machine learning tools to extract physical parameters from the major sky surveys and predict the cosmological parameters using million to billion galaxy samples.

Primary author(s) : Prof. NAPOLITANO, Nicola R. (UniNA Department of Physics "E. Pancini"); Dr. NAPOLITANO, Nicola R. (UniNA)

Presenter(s) : Dr. NAPOLITANO, Nicola R. (UniNA)

Session Classification : Astro Physics & Particle

Track Classification : Astrophysics & Astroparticle Physics
